## INVOLVE Conference 2012

Our eighth biennial INVOLVE conference was held at the East Midlands Conference Centre, Nottingham, on 13 and 14 November 2012.

We had two fantastic days with a diverse range of talks, workshops, speed sessions and audio visual presentations. View the presentations and abstracts [here](#). A gallery of films and photos of the conference will be added shortly.

**Sir Iain Chalmers** from the James Lind Initiative opened the conference ([download the slides here](#)) and **Alison Faulkner**, service user researcher, led our final discussion. **Simon Denegri** our Chair gave the [final keynote speech](#).

Listen to Sophie Staniszewska and Patsy Staddon talk about INVOLVE conferences they have attended.
