

Small voices big noises: full report

Authors: Lisa Baxter, Lisa Thorne and Annie Mitchell

This project was undertaken in association with Folk.us (the Forum for Collaboration with Users in Research) at Exeter University. It was designed to investigate the extent and nature of the involvement of lay people in research in fields other than health and to highlight lessons that can be transferred to health research.

An [executive summary](#) of the report is also available.

No. of pages: 152

Knowing how: a guide to getting involved in research

Authors: Lisa Thorne, Rachel Purtell and Lisa Baxter

The aim of the project was to find out how much lay people are actively involved in research outside the health service, and to use what was learned to make recommendations for health research.
