My physician has changed my care in Canada based on research I've found on Facebook in U.K. I realised if I'd been involved in the research I could have shaped it in the first place" BOOM @NIHRINVOLVE #INVOLVEat21 @SDenegri

#INVOLVEat21 looking forward to the conference and hearing more views at our workshop on how having a #LayCoApp is different to 'good PPI' @NIHR_RDSEM

Had a great time at the @NIHRINVOLVE #INVOLVEat21 conference today. Informative presentations and discussions, new connections, and lots of food for thought for patient and public involvement at @CSI_KCL #hpm

Simon Denegri @SDenegri

@SimonRStones talks about his patient journey at #INVOLVEat21 'There comes a time when you have to decide whether to stand up or be silent'

Full house for the INVOLVE Patient and Public Conference 2017 #INVOLVEat21

When people say they can't afford to do #PPI, tell them they can't afford NOT to! Reports say 85% of research is wasted, so where is the real expense? - @SDenegri at #INVOLVEat21

Anna Lawrence-Jones @AnnaLJswede

*If we work together
We can do it better
This thing called research.
This endeavour.
So here I am
Neither subject nor guinea pig
With no letters after my name.
But I know a thing or two.
About what it's like.
About what it's really like.
And all I ask
Is that you let me ask
Why, when, who and what for?
I'll work with you on a cure
Although I'll be long dead by then I'm sure
(But who knows we might get lucky).
If you'll also help me with the pain
And making the day
Worth waking for.
For when dusk does night betray
I want to be able to say
I made a difference for me, for you, for us.
Now that we are working together
Wouldn't you say
it's better?
This thing called life.*
